PERSONAL PROJECTS

Flying Man (03/2020 - 04/2020)

- This is a python based game in which a user controlled player and multiple enemies are added. Some basic operations to move player that is left, right, up and down are used and to increase the interest of user i included sound and score system.

Snake Game (04/2020 - 05/2020)

- This is also a Python based game in which i used turtle module, I have prepared this game by online guidance.
